# INTERNSHIP REPORT AT INTERNPE IN WEB DEVELOPMENT

Name - Abhay Kumar
Branch - CSE(BC)
Enrollment No. - 0108BC231003

INTRODUCTION

The internship at InternPe significantly enhanced my technical skills in web development, providing practical experience with programming languages and design principles through hands-on projects, which bridged the gap between theoretical knowledge and real-world application.

.

DURATION AND DEPARTMENT OF INTERNSHIP

The four-week internship at InternPe from July 29 to August 25, 2023, provided an immersive experience in the Web Development department, where I engaged in hands-on projects that enhanced my understanding of web technologies and their application in a professional context.
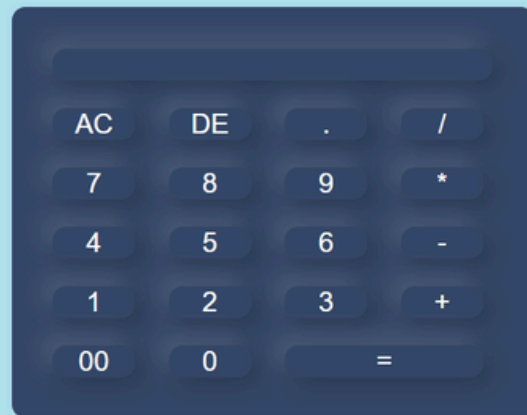

KEY PROJECTS AND TASKS UNDERTAKEN

E-commerce Website Development

Developed a comprehensive e-commerce platform that integrated user authentication, shopping cart functionality, and item listings, enhancing my understanding of back-end processes and collaborative best practices in web application design.
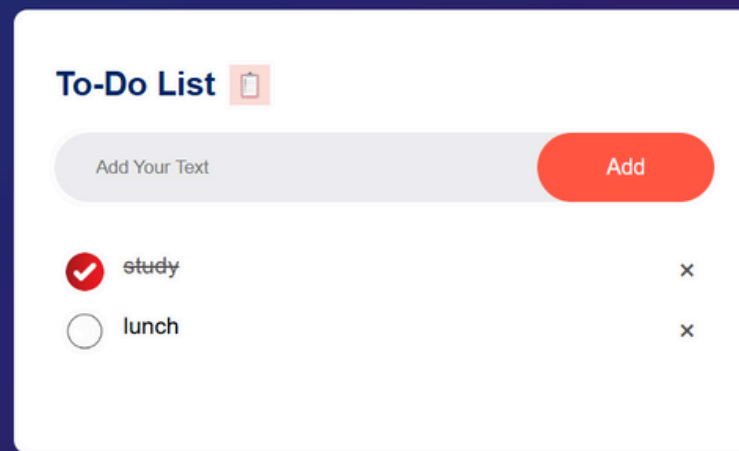

KEY PROJECTS AND TASKS UNDERTAKEN

Calculator

Implement additional features like scientific functions (e.g., trigonometric, logarithmic).

KEY PROJECTS AND TASKS UNDERTAKEN

To-do List

- Allow users to edit and delete existing tasks.
- Implement a feature to mark tasks as completed and display them separately.
- Consider using local storage or a database to persist the to-do list even after the browser is closed.

THANK YOU!
